## **FAQs**

Q: What is the maximum water depth of the basin?

Q: Can this basin be wall mounted?

Q: What are the taphole/ basin waste sizes?

Q: Where should the basin be located on the worktop?

Q: What ranges can this basin be used on?

Furniture units compatibility

A: Measurement not applicable. Since this basin does not have an overflow channel it should only be used with an open waste.

A. No.

A: All sizes are to British Standard - (BS EN 31)

- Diameter of the central tap hole = 35mm: +2/-1mm
- Bore of the waste outlet hole = 46mm : +2 / 3mm

A: We recommend it being centralised on the worktop left to right. Front to back should be set based on desired tap location and waste outlet.
