S1264MY

1

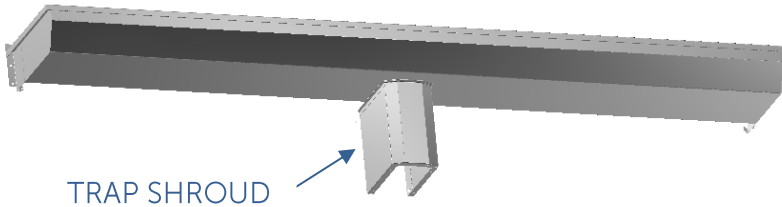

2

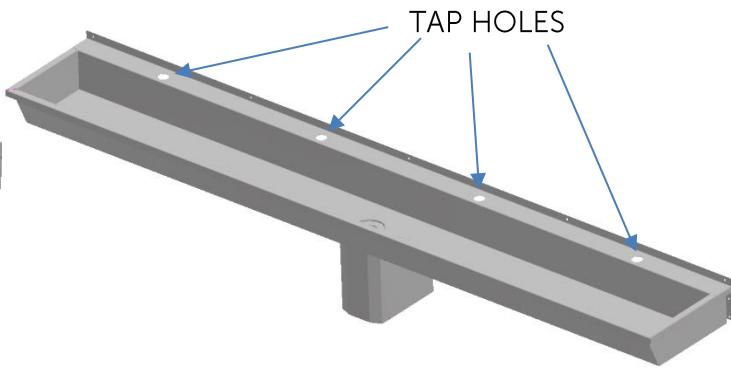

Position the Trough at the desired height and mark drill positions through holes. Remove product from the wall. Use a Power Drill and drill holes to suit suitable fixings (Not Supplied). Position the Trough against the wall and fasten using suitable fixings (Not Supplied). Fit the Waste (Supplied), P Trap (Supplied) & Taps (Not Supplied) to the Trough. Connect to the on site plumbing.

Fit the Sealing Strip (Supplied) to the Trap Shroud and remove the Access Panel.

3

4

Position the Trap Shroud below the Trough Waste with the seal touching the Trough. Mark drill positions through the holes in the Shroud.

Remove the Trap Shroud and drill holes to suit suitable fixings (Not Supplied). Re-attach the Trap Shroud using suitable fixings (Not supplied) and re-fit the Access Panel.

The sink must be installed by a suitably qualified professional.		Ensure the product has a connection to the Earth Tag(s).		Your product should now be ready for use.
